Over the Rougher Road

The road out to Folom Blvd. is not the smoothest in the country, but it probably will save you time if you choose it instead of H St. The patrolman who sends you out to Howe Ave. at the heaviest hours is also trying to save you time though your temper may suffer a little. Saving your life is the best reason for taking the Folsom road. Others are interested in avoiding an accident and doing something about it. The job cannot be done without your cooperation.

The Rover Boys

By AL GRAY and BOB McMAHON

Well, a new campus, a new Rover Boy. Cotton Johnson, may his soul R.I.P., felt it was his duty to resign as his halo measured 1/100 of a inch less in diameter than McMahon's. So, an adios to Johnson and a hello to Gray.

The migration is completed, the colossal parade is over, and the faculty, students, and his honor, the Governor are all back at the old grind. A sackful of halos to Jay Kay Bishop, who did such a great job in putting on our "Go East with West" caravan.

The frustrated practicum students are dashing around campus with their little names pinned to their bosoms and resembling escapees from a lost and found department. They've been swallowed up during the daytime by lectures, operation of peep scopes, teas and master teachers, materials to be collected and filed, more peep scopes and squawk boxes.

The Model UN delegate qualifications were drawn up at a meeting in the cafeteria Monday night; the Board of Control hacked up the student association's financial "pie" Monday afternoon, and Xi Theta Chi ended their meeting with midnight revelries at the Alps.

One of the gripes turned into the Rover Boys was a loathing for one of our cheers at basketball games. It includes the term Sacramento State Varsity, and the author of this beef feels that this terminology is too "high schoolish" for a state college.

One of the on-campus fraternities has been approached once again by a national wishing to be the first to colonize at Sacramento State College. Once more the question of racial discrimination came up. The members and their faculty sponsor feel that some of the guiding spirits of SSC are those of leadership and the pioneering instinct. Why should we be followers and slaves to outmoded traditions? As long as we have the opportunity to set precedents, let's set worthwhile ones!

CHAIRMAN WRITES THANKS

Editor of the Hornet:

I would like to take this opportunity to thank all those who helped put over the Migration Day Parade. Members of the committee who deserve special recognitionn include Lorene Benson, Lloyd White, Dick Iacopi and John Bohl.

On behalf of the committee I would especially like to thank the Sacramento Police Department for their generous cooperation and assistance. We are also indebted to Earl Reeder for the loan of the convertible.

Thanks are due to every member of the student body, faculty and staff who joined in the parade and took the trouble to decorate their cars. Their efforts helped in making Sacramento State's first public appearance on its own something of which we can all be proud.

Sincerely,
JAY KAY BISHOP,
Chairman,

WHAT PRICE KENAUYAKSAIT?

1. For hundreds of years the coast of Baffin Island in Northern Canada has been an Eskimo home and hunting ground. The Baffin Island Eskimos were known throughout the North for their skill as seal hunters and fishermen. They lived on raw seal meat and raw fish. Their existence, while primitive, was a happy one.

2. Eight years ago the Canadian government set up a system of family allowance under which the Baffin Island Eskimos received $5 a month for each child—as did all other Canadians. These allowances, called "kenauyaksait" by the Eskimos, represented more money than most of them had ever seen at one time.

3. To the Eskimos, their new-found wealth meant they didn't have to hunt seals or catch fish any more. Most of them left their hunting and fishing grounds and moved in close to the trading posts where they received their monthly handouts and could buy the niceties of civilization.

4. The Eskimos' new life was soft and easy—for they had complete *security*. But because they no longer needed to provide for themselves they lost all *vigor* and *ambition*. As a result, the government is now trying to get them to move away from the trading posts and start producing or forfeit their allowances. But this is next to impossible to accomplish. For the Eskimos have grown to *depend* on their *security* so much that they have no desire to return to their former life of *freedom* and *independence*.

5. The important point of the story is this: enslavement by *security* isn't something that happens only to Eskimos. In fact, millions of people all over the world see nothing wrong with a welfare society. But welfare plans are like dope. The doses are small and pleasant at first, but they eventually enslave us. For that reason, we Americans must maintain our *self-reliance*, our *productivity* and our *freedom*. For these things, after all, are responsible for America's greatness.

HORNET STREAK HALTED AT 13 GAMES

Sports Corner

By STEVE BAROOSHIAN AND BILL JAMES

In the last weeks feature on George Goto, we failed to mention that he was chosen as the most outstanding player of the State Junior College Tournament of 1950 held in Modesto as he led his Placer JC mates to the state championship.

Little Joe Geyer has made the highest percentage of his shots from the floor than any other Hornet. He's made 53 percent, and that ranks him in the nation's first 20 in this category.

We're glad to see that the College of Pacific finally snapped their 17 game losing streak last week. They dumped the hapless Cal-Aggies, who is without the services of two regulars, due to injuries.

The Hornets end their scheduled games in Nevada on February 27 and 28. These games will be return engagements as Hal Wolf's crew dumped the men from the slot-machined state twice in Sacramento.

Charley Miller, San Francisco State ace, who almost helped the Gators upset the Hornets with his 22 pointers in Sacramento, February 7, as a former Grant Tech basketballer.

SPORTRAIT:

Six-Foot Guard Tops Scorers

This week the spotlight is focused on Chris Georgis, first string guard on the Hornet basketball team.

Chris Georgis

At the present time this six footer is leading the Hornet scoring column with 277 total points which gives him an average of 11.6 points per game.

In addition to leading the scoring average, Georgis is ahead in the free throw department with a .828 percentage. He has tanked 73 for 88 shots.

This outstanding Hornet Field General, who can find the openings, was a member of the world-wide air force champions of 1952 while in the service.

Voted Top Player

He saw his first college experience at Placer College in Auburn. In 1946 Chris was voted the most outstanding player in the 1946 Placer College Tournament for high schools.

Wolfmen Down Aggie, Chico, San Francisco Fives

Sacramento State extended its winning streak to 13 games as they romped to an easy 62-39 victory over the Cal-Aggie Mustangs last Friday night in Davis. The victors got off to a fast start and were never headed as the game progressed. Chris Georgis paced the scattered Hornet attack with 11 points. The Hornets led at the half, 29-13.

Previously, Sacramento dumped Chico State for the second time this year, 59-56, February 10 in Sacramento. Joe Geyer meshed two free throws in the last 10 seconds to preserve the victory. Chico's George Maderos pumped in 21 pointers to take scoring honors, while Chris Georgis tanked 16 for SSC.

On February 7 and 8, the Hornets swept a two-game series from San Francisco State by scores of 54-52 and 59-42. Joe Geyer's two free throws in the last 8 seconds provided the Hornets margin of victory in Saturday night's tussle.

Fresno State Host To Locals Tonight

Sacramento State's Hornets will meet the Fresno State College Bulldogs for the first time this season tonight in Fresno. The quintets will also clash Saturday night in the raisin city to close a two game series.

A starting lineup for the locals will include George Larsen, 6'2½" and Dick Vinci, 6'3½" at forwards, Tom Brian, 6'4" at center and Chris Georgis and George Goto, guards. Both guards are 6' even.

Pacing Fresno will be forward Len Tucker who has averaged 15.5 points per game.

San Jose Cagemen Handle '13' Jinx

SAN JOSE — San Jose State's Spartans snapped the Hornet victory string at 13 games as they coasted to a comfortable 49-40 victory over Sacramento State, last Saturday in San Jose. The setback was the second handed Sacramento by the Spartans, and gave the Hornets a seasonal 20-4 mark.

A pair of free throws early in the sent the Spartans ahead 4-3, and they never were headed.
